- A large board book to explore the exciting world of dinosaurs!
- A new addition to a best-selling collection

Pre-schoolers love naming dinosaurs. Here is a giant board book to match their huge passion! Together parent and child can learn about herbivores like the long-necked diplodocus, or the difference between a carnivorous tyrannosaurus and giganotosaurus. In this volume, children will expand their vocabulary and practice language acquisition in a stimulating context. Even better: the book is presented in the form of little games to help the readers learn through fun in a visual and easy way! Ages 3+

Agnese Baruzzi holds a graduate degree in graphic design and has worked as an illustrator and author since 2001. Her books have been published in several countries around the world.
