- This educational activity book explores the visual language of maths and teaches the reader to interpret and translate quantities and dimensions in an engaging and motivating way
- Suitable for ages 8 and up

Let's go on an adventure, using calculations to bring meaning to graphs and charts. This educational activity book explores the visual language of math and teaches the reader to interpret and translate quantities and dimensions in an engaging and motivating way. Each chapter begins with a short story to introduce a new mathematical exercise – cleverly crafted to stimulate irresistible curiosity and foster a love for math in any young reader! Ages: 8 plus

Tecnoscienza is a group of authors and educators that, for the last 15 years, have disseminated knowledge about science, technology, math, and the environment for museums and corporations alike. Their published titles have been translated worldwide.**Agnese Baruzzi** holds a graduate degree in graphic design and has worked as an illustrator and author since 2001. Her books have been published in several countries around the world.
