- A wonderfully illustrated book to captivate children and teach them the secrets of our planet as well as many curious facts about them

This wonderfully illustrated infographic book is filled with visual representations to captivate children and teach them the secrets of our planet as well as many curious facts about them. Through intuitive infographic tables, children will learn everything from the composition of the planet under the Earth's crust to the different environments. The big clear spreads of this book are filled with fun facts, maps and charts. Ages: 8 plus

A graduate in Natural Sciences from the University of Milan, **Cristina Banfi** has taught at various schools. For over 20 years, she has been working in the scientific communication and teaching through play for children. Since completing her masters in communication design in 2012, **Giulia De Amicis** has been working as a visual designer and illustrator. Her work mainly focuses on the display of information for newspapers, magazines and the environmental sector, with a particular interest in marine ecology, geography and human rights.
