- Storytelling around makers and brands, featuring 20 international successful retail designs

What do the Parisian chocolatier and sculptor Patrick Roger, the makers of the trendy Oslo fashion label Norwegian Rain, T-Michael and Alexander Heller have in common with the Stuttgart optician Andreas Kraft? They all believe in the magic and allure of well-designed shops. And that is not all – as entrepreneurs, they must make their shops the ambassadors of their brand, philosophy and products. This book is an exploratory tour of offbeat retail hotspots worldwide. The focus is on interesting personalities who make a relevant contribution to the topic of shop design and product presentation.
