Name of seriesAnthologiePrice£21.50

• Fully illustrated with 50 images and 13 plans

After studying medicine, Guillaume Yersin earned a Master's degree in architecture at ETH Zurich. In 2012, he founded his own office, SAAS, in Geneva and has since realised several smaller, exquisite buildings that bear witness to an exceptional sense of construction: for example, an observation platform over the Rhone in Bernex, which – constructed in wood – pointedly expresses architectural themes such as supporting, bearing and joining.

Text in English and German.
