- A tribute to the world's most famous small Mediterranean town, revealing its hidden treasures

Saint-Tropez celebrates the most legendary of French towns, and certainly the most chic. Rich in archival material, it showcases a festive and flamboyant past and a chic, ever-evolving present. With its unmissable events like Les Bravades and Les Voiles de Saint-Tropez, as well as exclusive happenings such as the mythical 'white' parties, celebrity sightings, naturist beaches, Champagne battles at Caves du Roy, and the world's most beautiful yachts moored in the small fishing port. Despite evolving over the years, the spirit of Saint-Tropez remains the same, and this volume is an ode to the unique *joie de vivre* that keeps everyone coming back. The place to be for the rich and famous people from all over the world.
