Shaping Intuition is the design philosophy of HofmanDujardin. They design inspiring spaces with an astonishing simplicity, always focusing on quality and a personal approach. They translate intuitive feelings into architecture, interior and product design. This book for the first time features 25 of their best designs: private homes, interiors and offshore ships.

Amsterdam-based architect bureau **HofmanDujardin** was founded in 1999. Since then a whole team, led by Barbara Dujardin and Michiel Hofman create spaces and interior concepts, led by their philosophy 'Shaping Intuition'.
