Art pushes boundaries and so does skateboarding. This book explores this philosophy by showcasing skateboard-inspired artists and their work from around the world. From artists working in the skateboard community to freelancers being influenced by it. From traditional pencil to digital drawing. They all have one thing in common: skateboarding. ***Skate & Art***, following bestseller *Surf & Art* by Veerle Helsen, is curated and written by Michele Addelio, editor of *Backside* skate magazine who explores the skate scene outside the mainstream. In his online publication he has interviewed over 50 skateboard-inspired artists. This experience laid the foundation to continuously discover the diversity and beauty of the two art forms colliding.
