- An ode to South Africa's stunning nature and to its people. A story of magnificent discoveries and meeting new friends

For the past twenty years, photographer Mirjam Bleeker and stylist Frank Visser have travelled around the world together many times. They prefer to travel without a fixed plan, so they can be surprised by unexpected adventures and encounters. A few years ago they fell in love with South Africa. This book is an ode to South Africa's stunning nature and to its people. It's a report of Mirjam's and Frank's road trip along the coasts and through the inland, passing vast nature reserves and bustling cities. Along the way they catch up with old friends and make new ones, forging bonds for life. *South Africa: A Road Trip* holds beautiful photos of these inspiring people and their homes, as well as breathtaking photos of nature scenes. The book is divided into chapters corresponding with the different regions. A separate practical guide with useful addresses and tips is enclosed with the book.
