- Spaceshop is comprised of four Biel-based architects: Beno Aeschlimann, Stefan Hess, Reto Mosimann and Hanspeter Stauffer. This volume charts their career

Four architects – Beno Aeschlimann, Stefan Hess, Reto Mosimann and, since 2012, Hanspeter Stauffer – are responsible for the Biel office Spaceshop. Since 1998, it has produced an impressive series of highly exciting buildings and renovation projects. They include the extension to the Sonnenhof Primary School in Bern, which reinterprets the repertoire of the 'Solothurn school' in a new and sensitive way.

Text in English and German.

Heinz Wirz is the founder of Quart Architecture. His dedicated documentation of the architectural profession is widely celebrated, both in Switzerland and abroad. He is known for highlighting the best young architects in the business, treating every firm with the same respect.
