- Fifty unique supercars in Miami Vice-style collected in one book
- Photographed with the light painting photography technique, which gives a unique 80's effect
- Discover the story behind the car and all technical data
- With a foreword by Tim Burton aka Shmee150

Supercars is a celebration of the world's most beautiful and iconic motorcars, ranging from icons like the Ferrari F40 to modern classics such as the Bugatti Veyron. Belgian photographer Rudolf van der Ven captures the essence of each car in this stunning 224-page coffee table book through his photography and unique stories. Foreword by Tim 'Shmee150' Burton.

Rudolf van der Ven is a Brussels-based commercial and automotive photographer, available worldwide. **Tim Burton**, aka Shmee150, is a British car vlogger and YouTuber, who is based in London. His YouTube channel has over two million subscribers and features videos of him travelling to see exotic cars and maintaining and using his own car collection.
