- The current edition *SuperStories* has international ambitions and comes with a range of interesting exhibitions which are linked to performing arts

The Hasselt Triennial is a dynamic art project for contemporary art, fashion and design, and all possible relations between them. The current edition *SuperStories* has international ambitions and comes with a range of interesting exhibitions which are linked to performing arts. The triennial program, with works by 50 national and international artists, fashion designers & designers, responds to the use of narrative and documentary elements within contemporary art, fashion and design. The stage for the triennial is the city of Hasselt (Belgium), consisting of a course along different culture houses (cultuurcentrum Hasselt, Modemuseum, Nationaal Jenevermuseum, Kunstencentrum Z33 and CIAP). The exhibition catalogue *SuperStories* does not only show the exhibited objects, but reflects in a broader context on the relationship between the various visual arts disciplines.
