- The best of *Art Monthly*'s interviews with some 65 artists, ranging from Marina Abramović to Artur Żmijewski
- The collection brought together here offers unique insights into the thought processes and working practices of artists, as well as evolution of the form of the interview

The publication comprises the best of *Art Monthly*'s interviews with some 65 artists, ranging from Marina Abramović to Artur Żmijewski, which together provide an entertaining and alternative history of art. Since it was founded in 1976 the magazine has consistently published interviews with leading contemporary artists. The collection brought together here offers unique insights into the thought processes and working practices of artists, as well
as evolution of the form of the interview.
