- Surprising 4-page folder in the middle of the book!
- Bubbles with fascinating facts on every page!
- Illustrated by the winner of the Lucca Junior 2022 illustration competition: Francesco Faccia

We can accomplish more together than alone. Great leaders are empathic. As a community, we can be unbeatable!

These, and so many more, are fundamental values we want to impart to our children. They are values that will not only foster a positive attitude within them, but also bring a sense of connection, fun, and expansion to children's experiences.

What better way to absorb these messages than to see them in practice across the animal kingdom? This book illustrates the collective cooperation between more than 20 animals in an informative, engaging, and relevant way! A "Did you know?" book to help your child understand that the real strength is teamwork! Age 6+

Tecnoscienza is a group of authors and educators that, for the last 15 years, have disseminated knowledge about science, technology, math, and the environment for museums and corporations alike. Their published titles have been translated worldwide.**Francesco Faccia** is an award-winning illustrator and comic artist. Faccia trained at the Academy of Fine Arts in Bologna where he specialised in graphic design. Francesco has since then been working in the fields of visual arts and animation. He is also winner of the Lucca Junior 2022 illustration competition.
