- *The 1960s Scrapbook* presents a visual record of a turbulent decade, with over 1000 images in colour

The 'Swinging Sixties' were a concoction of many things that brought Britain to the forefront – England winning the World Cup in 1966, mini skirts and mini cars, the Beatles and Twiggy. This was the permissive decade when the contraceptive pill became available, *Lady*, *Private Eye* and *Oz* magazine rattled the cage of authority. Above all, the Sixties will be remembered for the birth of British pop music, Carnaby Street and fashion, a new dance called the twist and the moment in 1963 when President Kennedy was shot.
