<b>Size</b>	111 mm x 101 mm
<b>Pages</b>	320 Pages
<b>Name of series</b>	Tiny Folio
<b>Price</b>	£9.99

- An indispensable, palm-sized visual history of tarot cards, as part of the *Tiny Folio* series
- From hand-painted Renaissance decks to the creations of modern artists like Salvador Dalí

Originally used by northern Italian aristocrats in complex games resembling bridge, tarot cards became more popular with the spread of printing in the sixteenth century and were eventually used by Freemasons, fortune-tellers, and mystics to reveal hidden truths about the past, present, and future. More recently, artists have used the imagery and potency of tarot as a springboard for creativity. As a path to revelation or simply as a pastime, tarot is fascinating. A carefully curated selection of decks from the past six centuries—showing the chief turning points in their development—make this little book an indispensable guide to the history of tarot.

**Christina Olsen** is an art historian who wrote her Ph.D. thesis on the history of tarot cards.
