- A guided journey across 10 of the most-known-and-beloved fictional lands
- The perfect bed-time book or tool for dreaming up new and imaginative adventures together!

From Peter Pan's Neverland to Alice's Wonderland. From the Wizard's Oz to King Author's Camelot. Finally, an atlas where children can dive-in and explore all of their favorite imaginary worlds. ***The Atlas of the Imaginary Places*** includes 80 pages with captivating illustrations of over 10 fictional lands, accompanied by an experienced and charming guide highlighting the main sights and facts about each. Not to be missed: a final and original map! Ages 7 +

Altea Villa is a content and ghost writer with a doctorate in philosophy. Villa has authored numerous magazine articles and children's books. **Andrea Alemanno** has published numerous works with Italian and foreign publishers. In 2013 he was commended as part of the annual exhibition for the Society of Illustrators. In fact, over the years his illustrations have been selected for various Italian competitions including the "Lucca Junior" and "Talent Next"; BCBF 2021 (shortlisted); iJungle 2019; IBA vol 7 and 8; and Annual of AI 2019, 2016, 2014.
