- A small book of tiny dinosaurs nestled within a big book of giant dinosaurs!
- Suitable for children ages: 4 plus

The largest and the smallest creatures of Jurassic Period meet in two books so closely linked as to become a single volume! In fact, the mini book of the smallest dinosaurs, which resembles its characters also in the format, fits perfectly into the enormous cover of the book of the largest dinosaurs. In both volumes the dinosaurs are presented by texts full of information and amusing curiosities, and poetic and funny illustrations by Francesca Cosanti, an artist able to draw both ironically and sensitively these extraordinary examples of Nature. Ages: 4 plus

Big Book: 288 x 380 mm., Small Book: 110 x 110 mm

Francesca Cosanti, attended the Multimedia Illustration and Animation Course at Istituto Europeo di Design in Rome and an illustration course at Officina b5 - Accademy of illustration in Rome and some intensive illustration courses with international famous illustrators. She works as an illustrator for publishing and advertising, for associations, companies and agencies since 2005. At the same time she teaches in various schools as an expert of illustration, techniques, graphic design and multimedia softwares. For White Star she has illustrated the books *Little Red Riding Hood* and *Hansel and Gretel*.
