- Auditory stimuli are an essential part of how little ones explore the world
- A new series that will certainly catch the attention of little ones who can press the buttons by themselves

The sounds of **The Forest's White Noise** include a gentle wind, croaking frogs, crickets chirping, falling rain, a babbling brook, and songbirds. These white noise sound books offer a mindful and relaxing exploration that toddlers can engage in independently or with parents, grandparents, teachers, or friends.

Suitable for ages 3 years and up.

Francesca Sudano is a director, animator, and illustrator. When she's not drawing, she can be found out in the woods, searching for wild plants, mushrooms, and ideas. She's passionate about funny and surreal stories. That's why her projects often focus on the oddities of nature and bizarre life experiences.
