- A collection of essays by the landscape architecture faculty at the Weitzman School of Design at the University of Pennsylvania
- Topics such as food, biodiversity, water, plants, energy, public space, politics, mapping, practice, and representation
- Serves as essential reading for students and professionals wishing to engage with the full scope of today's landscape

***The Landscape Project*** is a collection of essays by the landscape architecture faculty at the Weitzman School of Design at the University of Pennsylvania, long considered a leading institution in the field of landscape architecture. This collection covers topics such as food, biodiversity, water, plants, energy, public space, politics, mapping, practice, and representation and serves as essential reading for students and professionals wishing to engage with the full scope of today's landscape. These essays radically expand the purview of landscape architecture.
