- An acclaimed literary biography of a cat
- *The Times Literary Supplement*: "This small, beautiful book is an elegy to companionship. Encompassing both the everyday and the profound, it should be judged no less valid for the fact that the friend in question is a cat."
- An ideal gift for any cat owner

Anyone that has a cat will recognise the truth of this tender biography by The Gentle Author.
“I was always disparaging of those who doted over their pets, as if this apparent sentimentality were an indicator of some character flaw. That changed when I bought a cat, just a couple of weeks after the death of my father.”
Filled with sentiment yet never sentimental, ***The Life & Times of Mr Pussy*** is a literary hymn to the intimate relationship between humans and animals.
