Pages	20 Pages
Illustrations	10 color
Price	£12.99

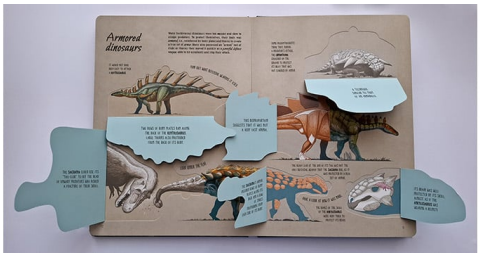

- Interactive board book with lift-the-flaps that encourage active learning and discovery
- Scientifically accurate introduction to dinosaurs and paleontology for young readers
- Features both iconic dinosaurs and lesser-known prehistoric species
- Realistic paleo-art illustrations by award-winning biologist and illustrator Román García Mora
- Evergreen dinosaur topic with proven international appeal and strong co-edition potential

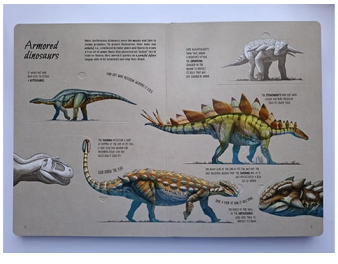

This illustrated lift-the-flap book invites young readers to explore the world of dinosaurs through an interactive and scientifically accurate approach. By lifting the flaps, children discover the anatomy, behaviour, and characteristics that made these animals among the most fascinating creatures of prehistory. Alongside famous dinosaurs such as Tyrannosaurus Rex and Triceratops, the book also features lesser-known but equally remarkable species. Román García Mora's realistic paleo-art illustrations transform every page into an engaging experience of discovery and learning.

Ages 8 plus.

Cristina Banfi is a Natural Sciences graduate from the University of Milan, and has spent over 20 years in scientific education, creating playful learning content and authoring books for *National Geographic*.
