“...Immerse yourself in this selection of spellbinding shots from his latest book, *The World*.” —**Food & Travel**

Michael Poliza is more than a seasoned globetrotter who has travelled through almost 170 countries. He is also a collector of the world, always on the lookout for breathtaking landscapes, remote regions, and intact nature reserves. With his camera ever on hand, Poliza does not only want to experience the beauty of the planet, but also to make it accessible to all. In his two great books, *Africa* and *Eyes over Africa*, as well as his single volumes on South Africa, Kenya, and Namibia, Poliza opened our eyes to the diversity of the African continent.

In *AntArctic*, the WWF ambassador created a sensitive double portrait of the polar regions. And in his characteristic aerial photographs, he even opened up new perspectives on well-known places like Mallorca. In this trade edition of ***The World***, Poliza opens his digital treasure chest to reveal previously unpublished images from all seven continents. Like a true photographic world tour, we travel with him to Australia and New Zealand, to Vietnam and Myanmar, to the west of the USA and north to Canada, to the Galapagos Islands and Bolivia, across the Antarctic and the many lands of Africa. No matter how different the regions he explores, the photographer always captures extraordinary images, instilling both the beauty of our planet and an urgent need to protect the natural world.
