- A new volume that teaches kids how to build some of the most fascinating and extraordinary record-breaking vehicles ever, out of bricks from their home collections
- The latest title from bestselling LEGO® innovator, Joachim Klang
- Complex projects and simple instructions make this a must-have for LEGO® enthusiasts of all ages

There's no stopping him: Joachim Klang, bestselling author of more than eleven titles on building with LEGO® bricks, is as enthusiastic and inventive as ever! He has thought up lots of stunning and exciting new projects over the years, which can be built with bricks from your own home collection. This new volume features the most fascinating and extraordinary record-breaking vehicles ever created – not just cars, but also ships and airplanes from well-known TV shows and movies.

Each model comes with the usual easy-to-follow step-by-step instructions. This is another title which cannot be missed if you're mad about building with bricks!
