- The work of Augsberg architects Titus Berhard is featured, displaying their commitment to classical modernism
- Number 9 of the *De aedibus international* series

The buildings compiled in this volume by the Augsburg architects Titus Bernhard are committed to classical modernism. They are extremely sculptural and highly experimental in terms of their choice of materials. Based on those principles, an extensive, superior body of work has been developed since 1995. Text in English and German.
