- The third volume in the very successful *Top Space* series
- Features various projects designed by international designers: residential, recreational, retail and public design from both interior and architecture design

Top Space & Art III includes work from some of the most respected names in contemporary architecture and design, and displays projects from all around the world. This book showcases examples of where structure meets graphic design, turning any venue into an outstanding and eye-catching space. Featuring interiors and exteriors of restaurants, shops, offices, exhibition spaces and public buildings.
