Pre-writing is the activity that brings the little ones closer to the writing world. Following Pros, the little yellow alien, throughout the pages of this activity book, children will be challenged in different tasks and exercises. Lines, circles, shapes, spirals: all the different parts that will later make up letters and numbers can be experienced through fun games and activities. The exercises start before holding a pen: with a fun sticker of the little spaceship, children can start to trace the lines to train the movements of the hand. Colouring within the borders, following lines, closing and opening shapes: children will start to hold a pen correctly gradually and enhancing in new abilities that will prepare them for writing later in life. Ages: 4 plus
