- Lots of ideas for how to plant and style for indoor display
- Inspiration for both seasoned and novice plant lovers
- Guides the reader through different "green" homes in five European countries and shows how beautiful, unique, creative and even artistic living with plants can be
- Speaks to the trend of bringing the outside indoors

***Urban Jungle: Living and Styling with Plants*** is a source of inspiration, ideas and a manual for all of those who want to bring more plants into their home. The book guides the reader through different “green” homes in five European countries and shows how beautiful, unique, creative and even artistic living with plants can be. More than that the reader finds endless ideas for styling from the bloggers of the “Urban Jungle Bloggers” community. To complete the topic of indoor plants the book offers easy help for taking care of the plants and DIY tips.

**Igor Josifovic** is a blogger, social-media Expert, loves plants and commutes between Munich and Paris. He shares his affection for the topics interior design, travelling and especially "living with plants" with his readers on his "Happy Interior Blog" and on the plant-community "Urban Jungle Bloggers". **Judith de Graaff** is also a blogger, works as a graphic designer and loves plants as well. She lives with her husband and her cats in a former factory building near Paris. Her own blog JOELIX.com is her playground where style, colours, and plants meet. She is a steady companion for the plant- community "Urban Jungle Bloggers" and hopes to inspire others with her love for all things green.
