The first international exhibition of 2022 for Louvre Abu Dhabi tells the story of Versailles as a central diplomatic instrument that solidified the prowess of the French royal court and served as the stage for its fascination with various civilisations in a rapidly globalising world. Objects from the palace on show range from wallpapers and porcelain to Chinese and Japanese lacquerware.

The exhibition has been curated by H el ene Delalex, Curator, Furniture and Decorative Arts, and Bertrand Rondot, Chief Curator, Furniture and Decorative Arts, at the mus ee national des ch ateaux de Versailles et de Trianon.
