- Along with detailed illustrations of these cool and surprising creatures, young naturalists get lots of fascinating information from a team of experts
- Suitable for ages: 7 plus

Follow the adventures of an intrepid explorer and meet some of the world's most bizarre animals! Did you know there's a wasp that looks like a panda, a basilisk snake that runs over water, a butterfly with a large skull on its body, and a fish that seems to be wearing lipstick? Kids will discover all this and more, as they join an explorer doing research in the wild and see a world of curious animals. Along with detailed illustrations of these cool and surprising creatures, young naturalists get lots of fascinating information from a team of experts. Ages: 7 plus

Cristina Banfi graduated in Natural Sciences at the Universita degli Studi di Milano and has taught in a number of scholastic institutes. She is a founding member of the Museum Didactic Association (ADM) and ADMaiora. For White Star she has written*The Big Book of Giant Animals, The Little Book of Tiny Animals* and *The World of Dinosaurs,* and cowrote *Discover the World of Bugs.* **Rossella Trionfetti** works as a children's book illustrator, and also helps create apps and interactive games.
