- With more than 40 flaps inside, readers will be able to discover how many types of houses there are, take a peek at the inside, and learn about far away cultures

From the highest skyscrapers of the world to the small blue and white houses in Santorini, Greece, the urban landscape of the world is an incredible journey that children can take while leafing through the pages of this wonderfully illustrated book. With more than 40 flaps inside, the little readers will be able not only to discover how many types of houses there are, but also to take a peek at the inside, learning about far away cultures in a domestic dimension. Ages 5 plus

Altea Villa is Philosophy Doctor in social history. Since 2018 is a writer for children's magazines and books, particularly focused on divulgation and edutainment. **Giulia Lombardo** graduated with honours in 2013 as Entertainment Designer. Since then, she has worked as a freelance illustrator for children's books and as graphic and web designer.
