- **Whispering Flowers** showcases Ikebana arrangements especially inspired by the beauty of a single kind of flower – their colours, lines, shapes and meaning

*Whispering Flowers* showcases Ikebana arrangements especially inspired by the beauty of a single kind of flower – their colours, lines, shapes and meaning. This book goes back to the basics and has seasonal flowers (that can be found all around the globe and in every climate) dictate the shapes, materials and colours of the arrangements. This approach, letting one kind of flower play the leading role, leaves room for a lot of interpretation and can give rise to both the traditional arrangement as well as more contemporary Ikebana pieces. A colourful addition to our previously released books on Ikebana: *Ikebana Today*, *Contemporary Ikebana* and *Ikebana through all Seasons*.
