- The fourth volume in the *World's Best - Interiors From Around the Globe* series

In the fourth edition of *World's Best – Interiors From Around the Globe* series the journey continues through some of the most remarkable residential projects created by leading architects and interior designers across the world.

This new addition to the series brings together around 80 carefully selected features, each offering a unique perspective on contemporary living. From serene urban apartments to expansive countryside homes, the projects presented here reflect a rich diversity of styles, cultures, and design philosophies. A range of inspiring interiors is explored: a refined residence in São Paulo shaped by natural materials and quiet restraint, a sculptural villa in Amman where art and architecture intertwine, a light-filled San Francisco Pied-à-terre blending heritage and modernity, a relaxed Californian home in Los Angeles, a carefully restored Edwardian town home, and many more distinctive spaces across Europe, North America, the Middle East, and beyond.
