This book tells the compelling story of York through the rich and varied collections cared for by York Museums Trust. Drawing on treasures from York Art Gallery, the Yorkshire Museum and York Castle Museum, it reveals how the city has evolved over nearly two thousand years, from its Roman foundations and Viking past to its medieval splendour and modern identity.

Through paintings, archaeological discoveries, everyday objects, decorative arts and social history collections, an engaging narrative brings the people, places and events that have shaped York vividly to life. Rare artefacts and fascinating stories celebrate its origins, centuries of change, unique aspects and the lives of its people. This book offers remarkable insights into the city's cultural, artistic and historical heritage, while highlighting the important role of York's museums in preserving these collections for future generations.

York Museums Trust is an independent charity that cares for some of York's most important museums, galleries and heritage sites. Formed in 2002, the Trust manages York Art Gallery, York Castle Museum, the Yorkshire Museum, York Museum Gardens and York St Mary's, safeguarding internationally significant collections of art, archaeology and social history. Through exhibitions, events, learning programmes and research, the Trust connects people with York's rich past while inspiring future generations. Its collections span thousands of years, from prehistoric discoveries and Roman artefacts to fine art and historic objects that tell the story of York and Yorkshire. As a registered charity, York Museums Trust plays a vital role in preserving heritage, supporting education and enriching the cultural life of the city and wider region.
