- The second volume in the Laboratorium series discusses research and the creative process of architecture

The second volume of the *Laboratorium* series takes a stance in the widespread discussion on research and the creative process of archi-tecture. Examples are used to show how individual insight can be applied to the design process, thereby making it communicable. Also available in the series: *Climate as a Design Factor* ISBN 9783037610732 *Spatial Thinking* ISBN 9783037610558
