Price	£16.99

- New ideas for using your LEGO® bricks
- Ideal for beginners as well as skilled modellers
- Another book in the successful *LEGO® Builders* book series - more than 80,000 copies sold within this series

As the ultimate powerful construction toy, LEGO® offers endless possibilities – just give your imagination free reign! In order to assist you in this, the authors are revealing a wide range of construction techniques using various newly available bricks. Their new tips and tricks are all clearly displayed in easy-to-grasp step-by-step instructions for creating new and individual models, whether houses, cars, spaceships, figures, or even small accessories. The authors even explain how to integrate LEGO® electric motors, revealing new ideas for your own personal LEGO® masterpiece!

Joachim Klang and **Uwe Kurth** have been LEGO (R) fans since their childhood days, and are well known within the community for their artistic and experimental use of the colourful bricks.
