Travel journalist Sebastiaan Bedaux gathered together 30 of the most stylish hideouts in the world in***Mountain View.*** Despite the great variety of styles, different price tags and the unique geography of each house, they all have one thing in common: they are the stuff of dreams. The series will celebrate architecturally elegant hidden gems, surrounded by nature – deep in the woods, high up in the mountains, or built by the water – and all available for rent! Find some peace and quiet and let the splendour of the building and the unique landscape around it inspire you. Also available in the series: *Nature View* ISBN 9789401454322.
