- The ultimate list of the world's most beautiful national parks
- A carefully curated selection of the 150 most exceptional and most worth seeing natural parks
- Traveling with a focus on nature and exceptional experiences is a trend
- The latest book in the highly successful *150* series

This book explores all continents and countries in search of the most extraordinary national parks around the world. Well-known and lesser-known parks are featured, but they are all special because of breathtaking views, a unique atmosphere, or exceptional fauna and flora. In these parks you will experience unforgettable treks and adventures and enjoy magnificent views. From desert parks to safari parks, from jungle areas to the highest mountains; each park has its unique story to tell. This book can serve as a practical travel guide but also as inspiration for those looking for the ultimate next travel destination. A traveler's bucket list with a selection of the world's most incredible natural parks.
