- An inventive alphabet of 26 wickedly playful pastel drawings

**Who can** forget one's first ABC picture book, whose pages told us A was for apple and Z was for zebra. Little did we know then how many other erotic, evocative words our alphabet could yield. In the *A.B.C. of S.E.X.*, artist Mie Yim takes us where the old picture books would never go, to a world where J is for Juicy and X is certainly not for xylophone. Pairing Yim's lovely pastel drawing with decidedly not-for-kids subjects, this re-imagining of the classic ABC picture book is playful, comic, and mischievous, and gives a sensual twist to the very foundation of our language. With twenty-six full-color illustrations printed on traditional children's book paper board, Yim's book insures that within its reader's minds, A will never stand for apple again.
