- Presenting timeless interiors and designs from Antwerp-based architects and interior designers am designs

In their first monograph, ***am designs*** presents 22 private residences in Belgium, the Netherlands, the UK, the US, Italy, and France that have defined the past two decades of their work, including two new projects never before published.

Through an unwavering dedication to excellence and a family-oriented approach to business, am designs—founded by Mark Mertens—continues to redefine the design landscape, offering clients transformative experiences that celebrate the art of living. am designs is renowned for its high-quality residential and hotel projects, embodying a philosophy of life that creates timeless spaces perfectly attuned to the lifestyle of their owners.

At am designs, the philosophy centers on creating a unified world where art, design, architecture, and well-being seamlessly converge. Every project reflects a commitment to crafting timeless environments that align with clients' lifestyles and aspirations.

Drawing inspiration from ancient cultures, contemporary architecture, and Belgium's rich heritage, am designs curates a diverse collection of rare objects and artworks, infusing each space with distinctive character. Prioritizing the use of pure materials and thoughtfully considered architectural structures, they create environments that evoke tranquility and comfort. Interiors are intentionally kept serene and timeless, providing a harmonious backdrop that allows iconic furniture, lighting, and artworks to take center stage.

The furniture selection is often a carefully balanced mix of in-house designs and timeless design classics. am designs' home collections, deeply rooted in Belgian craftsmanship, were born from the need to furnish interiors with timeless pieces that seamlessly integrate with existing architecture and its proportions.
