Pages	56 Pages
Illustrations	27 color
Price	$19.95

- ***An Alphabet*** brings together a collection of portraits, from A is an Artist to Z is a Zoologist
- A great classic of British book illustration, unavailable for decades

William Nicholson was still in his twenties when he started working on books for the publisher William Heinemann that combined a hugely powerful woodcut style with peerlessly precise observation and sly humor. ***An Alphabet*** brings together a collection of portraits, from A is an Artist to Z is a Zoologist whose liveliness is only increased by the calligraphic vigor of Nicholson's print style. A great classic of British book illustration, unavailable for decades. Published simultaneously with two other works *The Square Book of Animals* and *The Book of Blokes.*

Sir William Newzam Prior Nicholson (1872–1949) was one of the most talented and versatile painters ever to work in Britain. A creator of astonishingly precise and delicate still lives, and of some of the most penetrating portraits of the century, he also pioneered a vigorous style of woodcut illustration that remains unequaled for its strength and subtlety. His son was the painter Ben Nicholson.
