- This guide is absolute proof that the best things in London (and life) are free

There's more to the capital than overpriced coffee and unaffordable housing. Leave your wallet at home, pick up this guide and have a golden time without spending any silver. From sky-high gardens to riotous gigs, inspiring lectures to roller discos, the activities in this book prove that the best things in life (and London) are free. Emmy Watts (brilliant author of our*Opinionated Guides to Eco London* and *Kids' London*) is back with an unabashedly opinionated selection of the coolest, most creative places in the capital.

Emmy Watts is a Yorkshire-born writer who has authored or co-authored four other books in this series, including*An Opinionated Guide to Eco London.* She's got pretty good at living frugally in the 14 years she's lived in London, even if her two young daughters are doing their best to put a stop to that.
