Price	$12.95

- An insider's guide to the best independent places to shop, drink and eat in the UK capital. Period

London's high streets are becoming ever more homogeneous and, well, downright dull. We can thank Pret A Manger for that. But there's good news: a wealth of independents are hidden among the chains, you just need to know where to find the best ones. This pocket-sized paperback featuring the top 50 indie spots is a celebration of smaller businesses and one-off shops that bring color, personality and style to the scene. Whether you are looking for homeware stores, artisan bakeries, well-curated clothing stores, beautiful coffee hangouts or an indie cinema, this book, full of original photography and insider tips, will tell you where to go.
