- The very best buildings to visit in London - according to those in the know
- Includes four maps and guided city walks

Following on from the success of *An Opinionated Guide to East London*, Hoxton Mini Press are developing a series of 'opinionated guides' to aspects of London, each offering concise, highly-curated, insider selections alongside stunning, original photography. Two expert writers, Sujata Burman and Rosa Bertoli of *Wallpaper Magazine*, have joined forces with architectural photographer Taran Wilkhu to create an unashamedly confident guide to the must-see buildings in London, spanning all the architectural styles: from Art Deco to postmodern, brutalist to futuristic. Over 50 buildings are included alongside four maps with guided city walks. Why buy a guidebook when all information is online? Because people want opinion to cut through the clutter. Contents: Foreword; Introduction; Maps / Walks; Features.
