- This special issue on KPF (Kohn Pedersen Fox) features 17 recently completed projects across the Americas, Europe, the Middle East, and Asia

This issue of *a+u* is a special feature on KPF (Kohn Pedersen Fox), a New York-based architecture and planning practice. Founded by A. Eugene Kohn, William Pedersen, and Sheldon Fox in 1976, KPF recently celebrated its 40th anniversary. Seventeen recently completed projects across the Americas, Europe, the Middle East, and Asia are presented. Teams visit ongoing projects at various stages to immerse themselves in local cultures and practices, then advance their designs. This international exchange enables the growth of ideas that are ultimately shared across the practice through dialogue and interdisciplinary collaboration. Text in English and Japanese.

a+u - Architecture and Urbanism is a monthly architectural magazine established in 1971 that highlights the work and activities of top contemporary architects from around the world. *a+u* features architecture and a broad range of other new design sources in a well-presented format.
