Pages	160 Pages
Price	\$25.00

- This book describes the cultural importance of beads among the people of Arunachal Pradesh
- It describes the economic, cultural, and ritual significance of beads; their historical relation to migration; and popular beliefs, classification mechanism, and ethnic specifications of beads
- With a number of beautiful images the book makes an interesting read, as well as acting as a guide for those who are interested not only in beads but also in the history and culture of the north-east

The book describes the legends and history of each of the beads, their importance, folklores on them, use, price, and so on. The oral history, gender questions, social dynamics, and even inter- as well as intra-tribal relationships of the tribes have been described in detail in the book. The tradition of beads has been imbedded in the lives of the people of north-east from time immemorial. The continuing popularity of beads has led to manufacture of spurious products. Despite the onslaught of globalization even in rural areas, the popularity of beads has not diminished among the people. Beads are also used as a bartering item and usually take the place of money even now. The book describes the economic, cultural, and ritual significance of beads; their historical relation to migration; and popular beliefs, classification mechanism, and ethnic specifications of beads.

Contents: Preface; Introduction; Diversity of Beads; Folklore and Beads; Trade; Beads and Gender; Beads and the Emerging Realities; Beliefs, Utility, and Values of Beads; Conclusions; Bibliography; Acknowledgements; Index.

- Beads of Arunachal Pradesh describes the cultural importance of different beads among the people of north-east India in general and Arunachal Pradesh in particular.
- The book describes the legends and history of each of the beads, their importance, folklores on them, use, price, and so on.

The oral history, gender questions, social dynamics, and even inter- as well as intra-tribal relationships of the tribes have been described in detail in the book.
