- A journey through some of the world's most captivating coastal dwellings
- From the rocky shores of Mallorca to the sun-drenched coasts of Sydney, The Hamptons and California, architects and designers have crafted homes that respond to their environments with vision and sensitivity

Contemporary Beach Houses is a stunning collection that showcases 18 newly designed beach houses and apartments from around the globe. Created by some of the world's most celebrated architects and interior designers, each project offers a fresh take on coastal living. From sleek, modern retreats to warm, minimalist escapes, the book captures the unique charm and character of contemporary seaside architecture. With a strong emphasis on natural light, open spaces, and a seamless connection between indoor and outdoor environments, these homes redefine the beachfront experience. Beautiful photography and insightful design commentary bring each project to life, offering inspiration for architects, designers, and beach lovers alike. Whether you're drawn to bold innovation or understated elegance, ***Contemporary Beach Houses*** delivers a captivating look at the future of coastal design.
