- Luxuriously presented coffee table book finished in natural linen
- Follows on from the success of the first volume *Contemporary Living in the Middle East* 9782875501479

Two years after the successful launch of the first edition, this new volume presents 20 new projects in the Middle East by renowned architects and interior designers. Packed full of inspiration and stunning photography, this coffee table book also includes a profile of each architect and designer, along with a presentation of each photographer specializing in the Middle East whose work is showcased.
