In a world that grows increasingly fast-paced, the idea of retreat has never been more appealing. **Contemporary Retreats** is a celebration of architecture and design that transcends the ordinary, offering sanctuaries of beauty, tranquillity, and innovation. This coffee table book is not merely a collection of remarkable houses; it is a journey through the art of creating spaces that reflect individuality while harmonising with their surroundings.

These 17 exceptional retreats are united by their power to inspire. They invite you to dream, to reflect, and perhaps, to reimagine your own space.
