*Culture of Indigo: Plant, Product, Power* contains papers selected from those presented at the International conference on Culture of Indigo – Exploring the Asian Panoram: Plant, Process, Product, Power in New Delhi in 2007. The book takes the reader on a timeline tour, with details of the plant's cultivation and production processes. Highlights of indigo's commercial use and impact on fine arts, architecture, trade, heritage as well as an indepth analysis of its resurgence in the wake of environmental concerns enrich the reading experience substantially. With contributions from globally-renowned scholars and art connoisseurs, the inherent politics and pleasures associated with indigo come alive. Vivid illustrations, insightful analysis and extensively-researched text hold promise for readers who cannot resist the chequered lineage of Indigo as a plant, a product and a phenomenon. This book, on the history, politics, and commercialization of Indigo, will be useful for students, academicians, and historians.
